NAIL CARE

On January 1, 2004, health insurance companies stopped paying for routine nail care. Only patients who have medical problems, such as diabetes with complications or peripheral vascular disease, are covered.

Northwest Primary Care recognizes nail care can be a costly expense for patients. We have created a cost-effective nail care clinic for patients who need routine nail care, but are unable to care for their own nails due to conditions, such as blindness, arthritis, previous knee or hip surgery, or thickening of the nails.

The services are provided by Northwest Primary Care-licensed Nurses and can be scheduled through our Scheduling Department at 503.659.4988. The fee is \$30, unless the nurse determines that more technical or specialized care is needed by a Practitioner.

Scheduled Nail Care Clinic Days and Hours

Generally, nail care clinics are held one or two days each month at our Clackamas Internal Medicine Clinic.

For more information or to schedule an appointment, please call 503.659.4988.

In addition to Northwest Primary Care, nail care can also be obtained from these community groups that participate in this service:

MILWAUKIE SENIOR CENTER
